Porcelain Expert

Established in 1976, Porland has become one of Türkiye’s foremost names in porcelain, distinguished by its 100% domestic capital and commitment to superior craftsmanship. Integrating cutting-edge technology with expert artisanship, the brand meticulously infuses every detail into its creations,offering an extensive product range tailored for both professional and home use, including gastronomy.

With an unwavering dedication to excellence and refinement, Porland seamlessly blends traditional artistry with avant-garde design. Each collection, inspired by global artistic expressions and crafted using specialized techniques, imbues living spaces with an unparalleled sense of sophistication and elegance.

Celebrating 50 Years of Porland

For 50 years, our signature has reached tables, moments, and lives worldwide.

For fifty years, we have been part of the life.
Not merely creating plates, cups, or porcelain,
but becoming part of shared moments, meaningful connections, and everyday life itself.
We have been there at a home’s very first table,
on a chef’s signature plate, in the delicious intimacy of a single cup of coffee. We united the patience of craftsmanship with the courage of design. Learning from tradition, we shaped what comes next.
In every piece, we brought aesthetics and function together, balancing durability with refinement.

Today, with half a century of experience, we continue our journey from Türkiye to the world with pride. And we know this story is defined not only by the years behind us, but by the tables yet to be set and the moments yet to be lived.

Porland. At the heart of life for 50 years.

Global Footprint

Porland, which combines aesthetics and functionality in each product, is redefining the boundaries of the industry with its innovative vision and design approach.

Elegance Across 4 Continents

Porland's remarkable global presence, stretching across 80 countries and four continents, stands as a testament to its status as a leader in the porcelain industry. This expansive reach allows Porland to influence dining cultures around the world, bringing its unique blend of Turkish craftsmanship and universal design aesthetics to a diverse global audience.

Strong Production Infrastructure

Porland combines years of experience with modern production techniques in its production facilities equipped with advanced technology to produce highquality porcelain. The production process, which is meticulously controlled at every stage, offers unique products that combine durability and aesthetics.

Timeless Designs

Philosophy of Innovative Design

Porland perceives design not merely as an aesthetic pursuit but as an art form that shapes lifestyles. With a visionary approach that transcends global trends, it crafts distinctive collections that seamlessly unite functionality and elegance.

Harmonizing contemporary design sensibilities with the refined artistry of traditional craftsmanship, Porland curates exquisite creations that embody modern sophistication while preserving a timeless aesthetic legacy.

Eco-Friendly R&D Approach

Porland's R&D labs utilize eco-friendly technologies and materials to conduct meticulous production control, emphasizing human health. By participating in international research, Porland leverages its advanced technological knowledge to develop new innovations that align with human values.

Porcelain

WHITE GOLD

Porcelain is a valuable type of ceramic, often referred to as “white gold”.

Porland’s porcelain, which draws attention with its fine structure, whiteness, and smooth glass-like surface, is produced by firing the highest quality raw materials at very high temperatures. This process not only gives Porland’s porcelain an elegant appearance, but also provides durability.

Porland transforms durable and elegant porcelain into unique tableware with an artistic touch.

Designed with Passion, Manufactured with Expertise...

Porland’s commitment to elegance, refinement, and quality is deeply embedded in its design philosophy and operational approach. Seamlessly blending tradition with innovation, the brand unites classic aesthetics with modern functionality, standing out with porcelain designs that enrich everyday life through art.

Porland’s iconic ballerina figure symbolizes beauty, elegance, and harmony. The ballerina’s balanced and graceful posture reflects Porland’s meticulous design process and its dedication to achieving the perfect balance between form and function. Each product is crafted as a work of art, designed to bring elegance and meaning to living spaces.

Technical Performance

Products Designed for Long-Lasting Use

Porland, which sells in more than 80 countries across four continents, offers over 20,000 products and professional solutions for a broad audience, from homes to hotels, restaurants, and cafes. With a strong global presence and international brand recognition, Porland operates facilities spanning 300,000 square meters, with an annual production capacity of 70 million units.

Vitrification and Firing
Through vitrification, Porland products gain density, durability, and water resistance, ensuring long-lasting use in homes, hotels, and restaurants

Dishwasher Safe
Products maintain their surface protection and shine even after repeated washing in dishwashers.

Scratch-Resistant Glazing
Combining aesthetics and durability, the special glazing protects against scratches and wear, ensuring a long-lasting shine.

Stackable Design
Designed for efficient storage, the stackable structure optimizes space for hotels and restaurants.

Innovation in Design
Designed with the needs and expectations of the HoReCa sector in mind, Porland products prioritize aesthetics, functionality, durability, and innovation.

Stock Supply Advantage
Especially beneficial for HoReCa service providers, Porland ensures a steady stock supply to meet demand efficiently.

Thermal Shock Resistance
Resistant to sudden temperature changes, the durable structure ensures safe use in high-temperature environments such as microwaves and ovens.

Quality and Compliance
Quality control tests guarantee high standards and safe use.

Edge Chip Resistance Guarantee
Products come with a 5-year warranty against edge chipping.

Transparency
The fine and translucent structure adds elegance to dining tables.

Microwave and Oven Safe
Products are suitable for use in microwaves and ovens.

Alumilite

Manufactured with Porland’s unique recipe, Alumilite provides a contemporary and refined solution for the Horeca sector. The soft touch of cream porcelain delivers a distinctive aesthetic, while offering durability comparable to hard-paste porcelain. With its high resistance and structural strength, it preserves both its appearance and performance even under intensive use conditions.

Unique Alumilite Recipe

Alumina-enhanced body delivers a creamy tone with premium strength.

Sophistication

Perfect for both professional and home use.

Durability

Resistant to scratches, and thermal shocks.

Versatility

A wide variety of shapes and sizes to suit any preference.

SEASONS

Perfection in Imperfection

Born in 16th-century Japan, Wabi-Sabi is the philosophy that inspired the Seasons Collection, celebrating the beauty and perfection found within imperfection.

While Wabi embodies simplicity and naturalness, Sabi reflects the beauty that comes with the passage of time and the imperfections that emerge along the way. The philosophy is born from the harmonious balance of these two concepts.

Inspired by this philosophy, the Seasons Collection reflects simplicity, naturalness and the beauty shaped by time through a palette of colours drawn from nature.

Crafted from natural porcelain materials and produced using a recipe developed exclusively for the Seasons Collection, each piece reveals unique effects and tonal variations through the reactive glazing technique. Distinctive patterns, applied by hand along the edges, make every Seasons piece truly individual and one of a kind.

PERSPECTIVE

A Different Perspective

With its extraordinary appearance, the Perspective Series attracted great admiration at its very first presentation in London, even while still in the design stage.

With its geometric shape— conventional square and triangular forms—and the creamy white color of Porland's exclusive Alumina-based porcelain, it has brought a new perspective to the dining table.
